

Tuition Fees

If you are a full-time student aged 16, 17 or 18 on 1 September in the year your course begins and you have lived in the United Kingdom or another EU country for three years, there are no tuition fees. However, if you are a part-time, overseas or adult student, the College receives no funding for tuition and it charges a fee reflecting the full costs of provision: details are available from Catherine Cole, Deputy Principal (Student Services).
